WHY CHOOSE ANNE JENSEN

After 20 years in the business with trend setting designs, Anne Jensen decided to create a street style trend setting cosmetics, skincare and fragrance line. People is unique and they deserve unique attention but at the same time, some of the greatest ideas are coming out of the blue air, and often created because a person have a special needs which can be a tweezer with a better finger hold or a lipstick created on a new texture.

About people want to feel unique is something we see everyday, its not a new thing but its new to pick the ideas up and form them into a cosmetics designer brand.

Anne Jensen Beauty cosmetics line is made with unique created textures, modern colors and match every needs for a beautiful look what ever the look is.

All cosmetics and skin care items are developed and created from scratch by Anne Jensen. Some of the products are trend setting natural based texture, ecocert manufactured, new color pigment and new skincare ingredients.

Anne Jensen cosmetics line are created for women in all age of who want to spoil them self with some amazing great luxury products which match the time of the trend.

Who care about them self, want to create a feel good experience every time they wear make up, skincare and fragrance Men and Women who want to pamper them self and want to feel unique. Women who want the latest trend in make up and skin care with all included.

Anne Jensen Beauty is for sale in Usa, Scandinavia, Uk, France, Japan, Hong Kong by spa and salons

Fragrance we love

Anne Jensen Fragrance.

Grasse in France has since the year 1700 been the city for production of the worlds finest fragrance.

When Anne Jensen decided to create her own fragrance line, it came natural to look at Grasse in France.

Plants and flowers such as Orange Blossom, Jasmine, Lavender, Tuberose, and Mimosa have been grown in Grasse at least the past 300 years. Since the 1700 century the unique soil in the region provide the ideal climate for growing high quality of flowers used to manufacture fragrance.

There are no doubt that Grasse create the worlds finest fragrance.

Notes

All notes in Anne Jensen fragrance are hand picked by Anne Jensen who have created the entire fragrance line herself.

The mix of the base, heart and top notes is created with love to obtain the very best of fragrance

The trend of the time.

Street Style

When street style meet the design a lot of things can happens. . People are unique and they deserve unique attention but at the same time, some of the greatest ideas are coming out of the blue air, and often created because a person have a special needs

About people want to feel unique is something we see everyday, its not a new but its new to pick the ideas up and form them into a cosmetics designer brand. regards to colors Anne Jensen pick up the latest fashion color trend and mixe with color from our daily life, picks from the street, the nature and the ocean which give a beautiful palette of colors,which match all skintone

Anne Jensen cosmetics line are created for women in all age of who want to spoil them self with some amazing great luxury products which match the time of the trend.

Sustainable

If we really want the sustainable line then it's all about the finest ingredients for the color cosmetics.

The purer the ingredients used in the manufacturing process are a quality packaging is preferable as they can be recycled and it will keep the final product texture and ingredients in a fresh conditioner.

A part of the line are ecocert manufactured

Beauty tools we love

Anne Jensen has carved a niche for itself, as an innovative beauty brand with top quality and invention. Founded with a commitment to sustainable reinventing luxury and top quality beauty tools,

The beauty tools are made with the most groundbreaking design, finest steel quality, available to create the finest tools in the world. A state of art beauty tools creation.

Beautiful ergonomic handmade design with non slip glide comfort ensure perfect eyebrow trim every time.

Make up artist's favourite tweezers grabs every hair, every time.

Anne Jensen is the beauty editor around the world best luxury tweezers

Famous for its precision, and material these ergonomic designed slant tweezers are made in sustainable high Japanese stainless steel quality.

When we talk about sustainability, we are also talking about the products we use in our daily lives that we don't think about so much.

When it comes to beauty tools such as tweezers and if we really want to be sustainable and climate friendly

then it's about avoiding products chromed in nickel or epoxy coated in colours.

The higher quality the better and here the Japanese 420 stainless steel is particularly preferable as it can be disinfected.
