Check your skin. Do you have normal skin, sensitive skin or oil skin. Always remove old make up before sleep.

A good cleansing cream or lotion. Wash after with water and finalize with a good toner.

To choose the correct skin care products is very important. Anne Jensen invest in science. Anne Jensen improve it self from year to year and have a complete history of invention and innovations.

The past couple of years new and natural ingredient are in top and science behind them improve.

Organic and natural skin care products need to be in glass bottle and jar. If not they are not totally natural.

Natural organic ingredient will be harsh in plastic bottle. With Anne Jensen you go safe.

Ones a week use a good facial mask. Scrub mask remove old skin and dirt. Clay mask deep clean the pores,

Moisturizing mask give your skin an increased water bath which improve the skin.

What ever skin type you have a moisturizing mask is needed.

Eye cream and eye mask is important because the skin under our eyes is really thin.

Never use soap in your face if you have a normal to dry skin. Soap dry out the skin.

When you cleanse your skin you should avoid all kind of hard treatment.

Just harder you treat your skin just more the skin will start to defend it self.

The glow will only come because the skin is irritated..
